Leadership Training for Managers

Burnaby - February 8th from 8:30am - 10:30am

Victoria - February 23rd from 8:30am - 10:30am

The business world has changed! Instead of pushing people to achieve, successful leaders pull people to succeed, requiring a new skill set to make it to the top. Learn how to stop managing and start leading, to play a vital part in your organization's future. A good manager is not always a good leader. Learn the differences between managing and leading. Move toward a more direct leadership style and away from a management-based style. Stop pushing and start pulling.

Who should attend:

Anyone who interacts with internal or external customers, project team leaders, employees who serve on teams, or managers who want to enhance their leadership skills development in order to achieve outstanding results.
