

Are you ready to start a challenging new career? Are you a team player, enthusiastic, and motivated to achieve great things? Start a career like no other at Gescan, one of the largest electrical distribution networks in the world. We are passionate about offering our employees challenges, responsibilities, coaching and learning opportunities to bring their careers to the next level.

We are currently looking for a **Pricing Coordinator** to be the newest member of Gescan and join the **Coquitlam** team.

Scope of the position:

The pricing coordinator is responsible for setting up and maintaining cost support, customer sell pricing, and commodity books. In addition, this position analyzes overrides and margins of grid and contracts. In this role the incumbent works closely with Branch Managers.

Major Responsibilities:

- Ensure customer sell pricing and cost support doesn't drop out of the system – run monthly expiring pricing reports regularly and communicate this to Branch Managers
- Set up new pricing at optimal levels – check all the costs and margins for new price set up, communicating to Branch Managers if low/negative margin
- Set up all customer cost support and review last year to this year sales by category prior to renewing any cost support - quarterly reports and ongoing
- Continually investigate price overrides by the branches – communicate with Branch Managers regarding strategies that both touch customer sensitivities vs what the market can bear for a customer/group of customers
- Bi-annual override reviews looking at a 6-month snapshot and determining patterns in product(s), people, branches, vendors and communicating back to the Pricing Manager
- Assist with maintenance of optimal grid pricing for the company. Identify grid pricing issues in the system and flag to the Pricing Manager – regularly check for any low/negative margins that are currently in the system and communicate with Branch Managers upon revisions.
- Update existing sell pricing following replacement cost updates. Following any vendor price updates and includes update existing type 1's, reviewing cost support, and commodity books. Increase sell prices marginally higher.
- On a regular basis, review branch's sell pricing and margins and see if anything needs to be re-adjusted.
- Annually review Commodity Books with the branches including sending reports with recommendations for updated pricing, products, customers.
- Communicate to branches all upcoming cost changes in a timely manner – inform branches about upcoming vendor price updates, usually 30 days prior so they, in turn, can communicate with their customers.
- Run S&D sell worksheets for branches to fill in sell prices based on S&Ds. As required.
- Review SMROS sales reports daily and identifying pricing and margin issues with Branch Managers
- Run sales history and reports on an ad hoc basis by request from sales reps and Branch Managers
- Trade Services - monthly upload of customer pricing
- Monthly review of held list pricing
- Run/revise SMROR reports for rebate purposes
- Flag Regional Managers on pricing concerns from branches. Ongoing.
- Average cost adjustments and cost updates. As required.
- Other duties as assigned.

Requirements:

- High School diploma
- Advanced Excel an asset

- 2-3 years recent, related experience
- Intermediate to advanced organizational and time management skills
- Ability to communicate with multiple levels within the organization

We are interested in knowing you more. Start an exciting new career and enjoy a number of employee benefits by applying online. Gescan is very thankful for your interest in joining the team, only individuals selected for interview will be contacted.
